On Wednesday afternoon **Orange Class** was lucky to have a visit from Mark's Ark and some of his friendly animal friends. Mark talked to the children about animals from around the world. The children learned all about where animals live, what they eat, what sounds they make, and the features animals have which make them special. The children were most excited when they got to hold some of Mark's special animals friends. These included a Barn Owl, a Bird Eating Spider, a Lizard and a Python. All of which were alive! What a fun-filled afternoon they had!
