

## Home Learning Grid 15/06/20 - Blue Class

Read/research it	Write it	Paint/draw it	Build/create it	Do it
Research spiders. Find out what benefits they can bring to a garden.	Write a letter to send to a friend to let them know how you're doing whilst off school.	Draw or paint your favourite insect.	Create a structure outside that insects can live in. Use as many natural resources as you can find.	Create a tally chart of different insects you can spot outside.
<p>Read about insects using these sources</p> <p><a href="https://www.dkfindout.com/uk/animals-and-nature/insects/">https://www.dkfindout.com/uk/animals-and-nature/insects/</a></p> <p><a href="https://www.coolkidfacts.com/insect-facts/">https://www.coolkidfacts.com/insect-facts/</a></p> <p><a href="https://www.natgeokids.com/uk/discover/animals/insects/15-facts-about-bugs/">https://www.natgeokids.com/uk/discover/animals/insects/15-facts-about-bugs/</a></p> <p>Create a for/against chart for allowing insects into your garden.</p>	Write from a spiders perspective. Try and convince humans that you are good to have around.	<p>Access</p> <p><a href="https://www.artforkidshub.com/10-free-coloring-pages-bug-symmetry/">https://www.artforkidshub.com/10-free-coloring-pages-bug-symmetry/</a> and try and draw the other half of insects as closely to the original as possible.</p>	<p>Build a bird feeder using this website</p> <p><a href="https://www.bbc.co.uk/cbeebies/makes/bird-feeder">https://www.bbc.co.uk/cbeebies/makes/bird-feeder</a></p>	Create an obstacle course outside and try and complete it with a family member.
Read a book from your favourite author.	Imagine you have been zapped to a tiny size and need to survive in your garden. Write a diary entry about the creatures you would come across and how you would get back home.	Look out of your window and paint what you see.	Create your own game and teach family member how to play it.	Go on a long walk with someone in your family.
