

# Tuesday 26<sup>th</sup> January 2021

- 1) First, make a list all of the things you can see in this picture. (Nouns)
- 2) Next, make a list of *adjectives* to go with each thing you can see, to describe them (remember to put a *comma* between two adjectives).
- 3) Now, put the descriptions into full sentences - you could use a 'where' (*preposition*), or a 'how' (*adverb*) sentence starter. Read back through your sentence to check for any missing punctuation (capital letters, full stops, commas).
