

Red Class News

Friday 17th May 2019

This week we have been writing about dinosaurs and have been really trying hard to improve our independence. The children have had the opportunity to explore a dinosaur program on our new school Chromebooks which will become a weekly occurrence for us from now on. We have got our hands all sticky and made some papier mache dinosaur eggs that we are going to hang in our classroom too.

In maths we have moved on from our 2d/3d shape work and have been looking at 'one more than' with the children looking at a line of numbers from 1-20 and identifying which numbers are one more than any given number. Next week we shall be focussing more on 'one less'.

Writing weekend challenge:

Can you find 5 things around your house and write them down e.g. cup

Special challenge: Can you write a sentence that describes a dinosaur?

Sports day

On Wednesday (22nd May) it is the school sports day. Please could you ensure your child's PE kit (along with a hat with name inside) is in school for this date as well as a water bottle also with your child's name on.

Sports day will take place in the morning and will involve a series of races. Please arrive by 9.30am.

Each child in our class will run in one race which are either sprint, sack race, egg & spoon or beanbag head balance.

In your child's reading diary there will be a sticker on the inside front cover. This sticker has an extensive list of the most common 'tricky' words that we come across in Red Class. Tricky words are words that we cannot 'sound out' using our usual phonetic methods and therefore simply need to be memorised by sight. Please could you work your way through this list of words before your child reads as some of them will be found in their reading books.

Maths weekend challenge:

Tell a grown up what is 'one more than' the following numbers: 2, 4, 6, 8, 10

Special challenge: Can you tell a grown up what is 2 more than 19?

Have a lovely weekend,

Mr Savage, Miss Graham, Mrs Rudlin and Miss Reeves.
