

# Working Scientifically at Heamoor School

1. What am I trying to find out?
2. What do I think/predict will happen?
3. What materials do I need?
4. What steps will it take to complete the experiment?
5. What happened?
6. What did I find out?
7. Can I do it again?
8. What can I do differently?
9. What do others say?

(Scientific theory)
