

Red Class News

Friday 3rd May 2019

This week we have been getting stuck into our new topic of dinosaurs. Our focus has been on what dinosaurs eat and whether they are carnivores, herbivores or omnivores. We have also tried to think about the features of each dinosaur that make them more suited to eating meat or plants. We have finished off our 2D shape work and went straight into looking at 3D shapes and hunting for them outside.

This week we have also had a very important assembly led by the RNLI giving the children vital safety information about going into the sea or spending time on the beach.

Writing weekend challenge:

Can you write your name?

Special challenge: Can you write a sentence that includes the word 'and'?

Maths weekend challenge:

Spot shapes such as cubes, cones, spheres and cylinders around your home?

Special challenge: Can you spot a triangular prism?

Library book shout out!

If you have any school library books at home or still in book-bags please could they be returned as there are a number of books that are outstanding.

Thank you.

Young writers

There is a 'young writers' poetry competition that the school is entering. The theme for the riddle is the five senses and the school with the best entries wins £500 with 10 chosen children winning £20 each.

An example riddle would be...

It looks white and round.

It sounds crunchy.

It smells icy fresh.

It feels cold and frosty.

It tastes like carrots and coal.

The answer is a snowman!

Swimming and PE

Our swimming sessions stopped at Easter but we now have a PE session each week on a **Friday morning** so the children will still need to bring in a kit to school.

Have a lovely long weekend,

Mr Savage, Miss Graham, Mrs Rudlin and Miss Reeves.
