

1.3 ROMAN COUNTING

YEAR
4

Objective: Read Roman numerals to 100

Instructions

1. You need some space at home or outside to run and collect cards.
2. Make a set of number cards from 0 to 9.
3. Scatter the digit cards around the activity space, then run and collect two, e.g. 3 and 8.
4. Use them to make two 2-digit numbers (e.g. 38 and 83).
5. Write both numbers down in Roman numerals as well.
6. Return the digit cards and continue: how quickly can you make ten 2-digit numbers and write them down in normal and Roman numerals?

Challenge

Write the numbers in order from smallest to biggest, in numbers and Roman numerals.
