

Red Class Home Learning Grid — I do like to be beside the seaside — Week 3

Read It	Write It	Paint/ Draw/Make It	Explore It	Count It
If you have the story, 'The little boat' ask someone to read it to you at home. (You can also watch this on the website, under Red Class, Story time, as it was last weeks story)	Draw a picture of the Rainbow Fish in your home learning book and write several adjectives to describe the fish.	Make your own rainbow fish, you can draw, paint, collage, build.	Test your boat in the bath, at the beach or in a paddling pool. Take some photos of your boat and write me a sentence in your home learning book telling me whether your boat sunk or floated. I can't wait to see!	Play a game of hide and seek with your family. Count backwards from 20—0 and then go and find them. Make sure you take turns.
If you have the story, 'The rainbow Fish' ask someone to read it to you at home. (There may be some words that you can read too) Here is a link to an electronic version. https://www.youtube.com/watch?v=Z3cmdZ6t8&safe=active	Complete the 'My Favourite Memories from This Year' worksheet. Think about all of the special things we have done at school and what you enjoyed. *Worksheet on the literacy page	Design and make your own boat like the little boys in the story. Think about what materials you will use to make your boat and how you can help it to float in the water and not sink. Can you add some 2D shapes to your boat too?	Take a trip outside onto a field, play some games with your family and friends. Make sure you social distance :) I hope you have lots of fun. (Some of you will be coming to school to enjoy the outdoor session, so you can tick this off your grid)	Complete the maths activity sheets—there is one for each day. You might need some help reading the instructions. *Worksheets on the maths page
<u>Phonics Videos</u> I had some technical issues last week uploading a couple of phonics videos, however, as theses have been so popular, I will upload two more this week which some of you may want to watch and practice the sounds. These will be the last two phonics videos for the year.	<u>Transitional activities for September are in orange boxes.</u> Cut out a star and write on it 3 things that you want to get better at school, just like when we made our 'goal' stars in class for the wall.	Paint a self portrait and keep it safe to take into school for your new teacher in September.	Read your transitional booklet with an adult.	Complete your 'all about me' sheet that you will receive in the post this week, then post it in the school letter box.
