| Monday 22 nd February | Practise your weekly spelling list. This week's spellings are project inspired! Don't forget to use the 'look, say, cover, write' approach! | Read a book of your choice or your school reading book. If you returned your child's reading books, they will be ready to collect for Tuesday 23 rd . Chapter A Day will resume next week. | Big Maths 'Beat That' challenges via your Big Maths log in. 1. CLIC challenge 2. Learn It Challenge | Mind map – what do you already know about Light? <i>Assignment set on google classrooms at 8:00 am this day.</i> | Live lesson at 10:45 on google classrooms - Light and Dark <u>After the live lesson</u> , make a list of sources of light inside your house. You could take photos of each of them or write them all down. This may include: lamps, lights, candles, fires, computer. Challenge With an adult, find out 5 facts about light to share with the class in tomorrow's live lesson! <i>Assignment set on google classrooms at 8:00 am this day.</i> |
| Tuesday 23 rd February | | | Practise Learn Its (set on google classrooms) Live lesson at 10:45 will focus on Learn Its | We are focusing on light. Use research to design your own poster about how to protect your eyes from sunlight. You could create an advert for some protective sunglasses/hat! (We will talk about sun safety in live lesson so feel free to leave this til after that) <i>Assignment set on google classrooms at 8:00 am this day.</i> | Activity will be set during live lesson at 10:45 on google classrooms Create your own shadow puppet display! We will talk about how to do this during our live lesson. We will come up with ideas during our live lesson. We will think about questions to consider, focusing on how light travels. <i>Assignment set on google classrooms at 8:00 am this day.</i> |
| Wednesday 24 th February | | | Practise Learn Its (set on google classrooms) | With an adult, research facts about the sun. Can you write a fact file about the sun? <i>Assignment set on google classrooms at 8:00 am this day.</i> | Live lesson at 10:45 on google classrooms – an introduction to shadows Shadow experiment – Shadow Hunt This can either be done outside or inside the house. What shadows can you find? Size, shape? Take pictures! Does anything change the shape/size/location of the shadow? Which is the lightest/darkest? <i>Assignment set on google classrooms at 8:00 am this day.</i> |
| Thursday 25 th February | | | Practise Learn Its (set on google classrooms) | Write an acrostic poem about the sun. You can either choose the first option (Sun) or the longer option (Sunshine) We will brainstorm ideas during our live lesson and create an example poem. <i>Assignment set on google classrooms at 8:00 am this day.</i> | Live lesson at 10:45 on google classrooms – Mirrors and reflective surfaces Your independent activity will focus on 'investigating shadow size'. Assignment will be set on google classrooms. <i>Assignment set on google classrooms at 8:00 am this day.</i> |
| Friday 26 th February | | | Practise Learn Its (set on google classrooms) | You will have a go at writing a set of instructions of how you have made your sun dial. We will brainstorm ideas during our live lesson and create example instructions.. <i>Assignment set on google classrooms at 8:00 am this day.</i> | Live lesson at 10:45 on google classrooms – An overview of what we have found out about light as well as a quiz. Make your own sun dial experiment. <i>Assignment set on google classrooms at 8:00 am this day.</i> |
