

COMIC BOOK HEROES

We often read about superheroes in comics.

TASK 1:

Reread the text **'The Bolt'**.

Turn this superhero origins story into a comic using the comic template in the pack, or create your own. Remember to include speech bubbles to show what characters are saying and captions to help tell the story.

TASK 2:

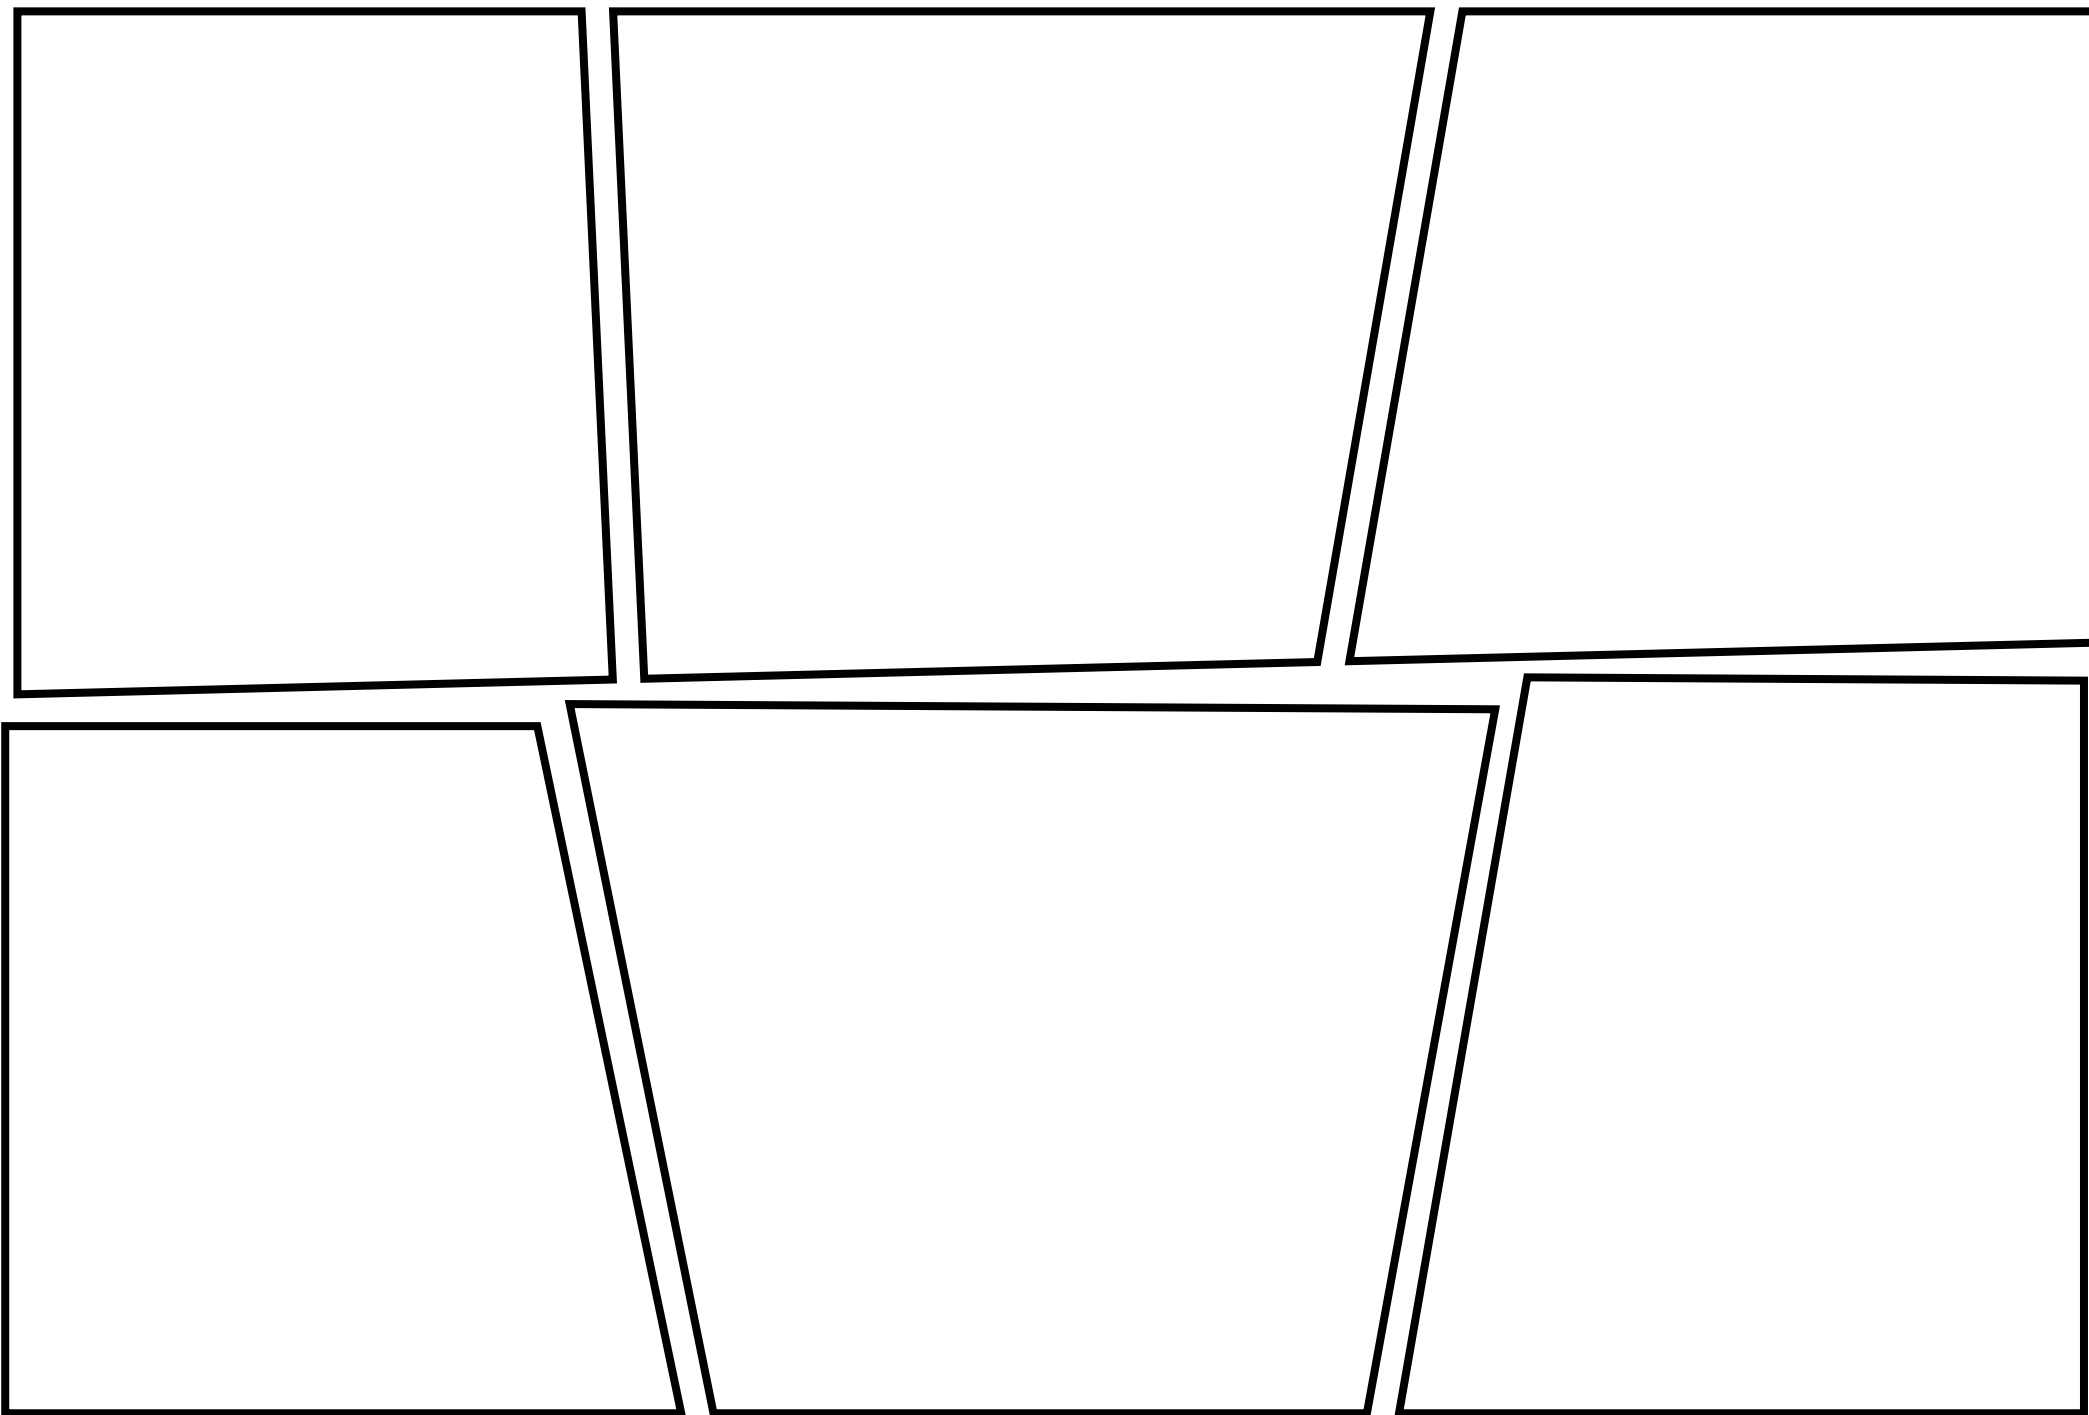

Create your own story about **'The Bolt'** and **'Master Rex'** and draw this as a cartoon. Think about what superhero powers **'The Bolt'** might have to defeat his enemy.

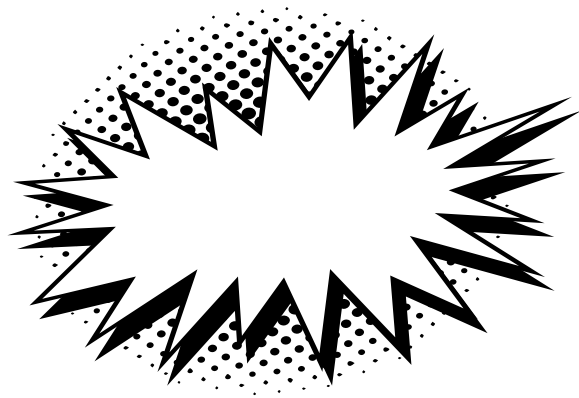

TASK 3:

Design your own superhero, thinking carefully about the powers that they might have and give them a suitable name. You could design an enemy for your superhero too.

Create your own comics about your superhero, including an origins story (how they were created or got their powers), and battles that they have with their enemy.

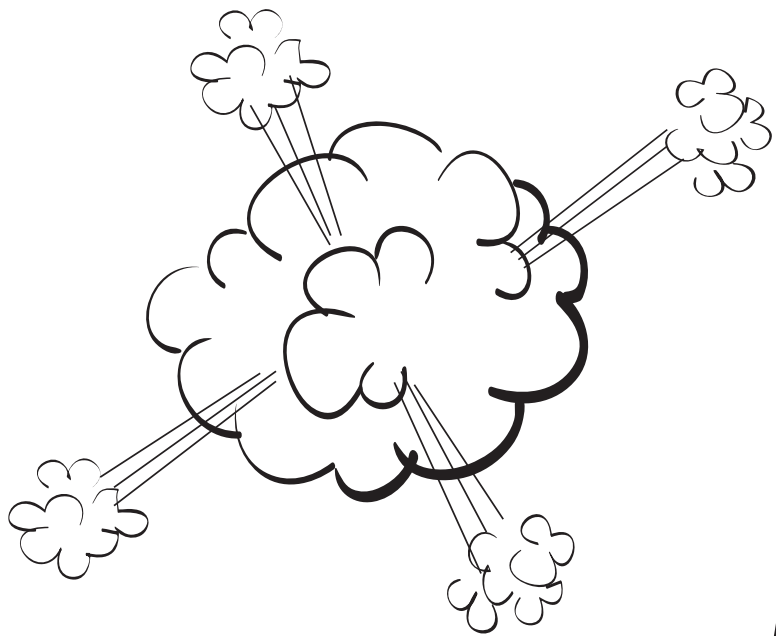

BANG!

BOOM!

WOW!
