

11.1 I LIKE TO SHAPE IT, SHAPE IT!

Objective: Identify and make 2D shapes.

Instructions

1. This could be a great outdoor activity, but it can also be done inside on the sitting room floor, for example
2. Make as many different types of shapes as you can, including triangles, quadrilaterals, pentagons, hexagons and octagons, regular and irregular.

Challenge

Draw and label each shape you make, discussing its properties with your helper.
