

Thursday 25th June 2020.

Visit

<https://whiterosemaths.com/homelearning/year-3/> and start Summer Term - Week 9. Watch the video and complete the activity in your home learning book. You can find the activity on our class page.

Make a safety poster **persuading** everyone to wear a helmet when riding a bike. You could extend this to include scooters and skateboards.

Write down **3** strengths of yours for which you are grateful and why.

The more detail, the better 😊
(E.g., this could be **kindness** because it makes other people feel good about themselves and spreads positivity or a **growth mindset** as this shows you are not afraid of making mistakes to help you learn and you never give up)

The Virtual Cornwall School Games!
Today is Ball Sports. Click on the challenges and get competing!

Redesign your own garden. Draw a map to show what it will look like. If you don't have a garden, design your **dream** garden - include all of the features you would love to see. You could link this to our PSHE work when we designed a hospital garden!
Challenge - can you work out how much this will cost you? Have a look at DIY websites to help!

Read a book on 'myON'
