SATs revision study books

Dear parent/carer,

We are currently working hard in school to prepare for the upcoming SATs tests in May as best we can and the class is making great progress!

Today, your child has received 3 SATs study and revision guide books for Maths, English and Spelling and Grammar, which are theirs to keep. These have been purchased as an additional resource to help your child prepare. They were also used by last year's Year 6 class and they found them to be a big help.

Occasionally, I may set your child a specific unit to look at, if I think they need more practice on it (in which case a note will be made in their planner). However, the books are meant to be worked through at your child's own pace, focusing on areas that they might find trickier.

If you have any questions, or would like any additional information (either about the SATs, or ways to help your child at home), please do not hesitate to get in touch— I'd be very happy to chat things through with you.

Thank you for your continued support.

Kind regards,

Miss B Williams
